Expansion Connectors

**Standard Edge .050 Series
PCI Connectors**

Material and Finish:

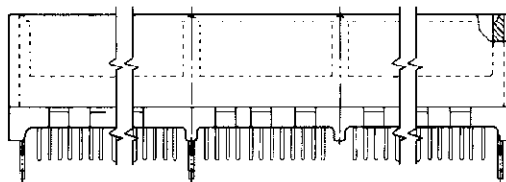

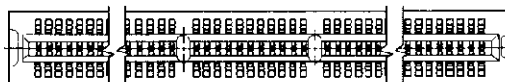

Housing – High temperature thermo-plastic, white
Contacts – Phosphor bronze, duplex plated gold in contact area, tin-lead on solder tails

With 2 Plastic Pylons

With 3 Plastic Pylons

With 3 Metal Holddowns

Product Facts:

- Supports PCI extension cards derived from the MC bus
- For 3.3 and 5 volt signaling
- Easy mating of high circuit count daughterboards
- Choice of plastic pylons or metal holddowns
- 32 and 64 bit connectors available
- Polarizing web for positive board-to-board registration

No. of Dual Pos	Housing Style	Signaling (V)	Bit Count	Notes	Part Number
60	2 Plastic Pylons	3.3 & 5	32 Bit		11299-1
60	2 Plastic Pylons	3.3 & 5	32 Bit	3	145154-8
92	3 Metal Holddowns	5	64 Bit		145169-4
92	3 Plastic Pylons	3.3	64 Bit	3	145165-8
92	3 Plastic Pylons	5	64 Bit	3	145166-8

Notes:

1. Surface mount version available Part No. 145098-1
2. .10C [2.54] Solder Tail length
3. .125 [3.17] Solder Tail length

Note:
BLUE part numbers indicate 2D geometry and 3D CAD models that are included on CD-ROM.
