## c Service Post Connector, Male Stud, Two Conductor, Bronze

## Type SP2

- For grounding two copper code conductors to steel structures, busbars, or transformers or for tapping from busbar with hex nut and washer
- · Made from high copper content, hard drawn copper rod provides high strength
- · Offered with standard and long stud lengths to accommodate a variety of mounting applications
- · Wide wire range-taking capability minimizes inventory requirements

- Pressure bar provides secure connection on a full range of conductor combinations used with each connector providing premium wire pull-out strength
- UL Listed for grounding and bonding and suitable for direct burial in earth or concrete
