

ChainMate® Chain & Wire Rope Lubricant

Lubricants/Penetrants

Features

- Fortified with molybdenum disulfide
- Increases chain and wire rope life
- Effective under extreme pressure and temperature ranges
- Contains water displacing solvents to quickly penetrate into cracks and core of wire rope
- Anti-sling adhesion
- Reduces wear caused by friction and corrosion
- Provides maximum lubrication and corrosion protection
- VOC compliant in all 50 states

Package Size

Net Contents

11 wt.oz./312 g/390 mL

Part No.

02416

Applications

- Bushings
- Cables
- Chains
- Cranes
- Cutting tools
- Drag lines
- Drives
- Forklifts

Additional products you might want to try...

Food Grade Chain Lubricant

A water resistant lubricant designed primarily for the effective lubrication of all types of chains and conveyors operating in food environments.

Force 842® Dry Moly Lubricant

The extreme conditions dry moly lubricant that protects against surface to surface friction.

FOODLUBE Chain Spray Synthetic Lubricant

A fully synthetic, superior all-round lubricating fluid containing additives to boost performance, improve clinging, and reduce re-lubrication intervals. It also offers excellent water washout resistance and corrosion protection.
