

**Decide what bit you want next.  
Store the last bit you used...**

## or, to use simpler language: Pic quic

Since 1988, we've been attempting to improve upon the Picquic bit storage system. Despite these attempts and consultations with the world's preeminent authorities on astro-physics, we've concluded that improvement is not possible.

You see, because the process of storing a bit and ejecting the newly selected bit occur simultaneously and with the same motion, there is just no way to make bit changes faster or more convenient.

In view of this 'setback', we decided that the best approach would be to improve on the Picquic line by adding more useful products.

We are glad to report that this has been a stunning success:

Picquic's are made for industry, they're made for home and offices. They're made for Men, Women, Children and all kinds of tradespeople, and - they're made to last. You'll find there is a Picquic model to suit virtually every application and every budget, and because Picquics offer honest quality at fair prices, retailers make an honest margin. Picquic is the *Original Instant Multi*. Is it the best? You decide.

**SIXPAC  
Plus™**

The original Picquic - Full size for professional or at home use. Solid handle for maximum comfort and torque; no moving parts to break (or lose). Anodized aluminum alloy shank for years of use. Bits are ideal for use in drills and powerdrivers.

**SUPER 8  
Plus™**

All the same great qualities of the original with a removable Stainless nutdriving shank that works great for hose clamps & other hex fasteners:  Shank doubles as a power nutdriver in your drill.

**MARINER™**

The Mariner Picquic is perfect for any boater. Its Electroless nickel plated bits resist corrosion and allow it to withstand sun & harsh environments. Anodized aluminum alloy shank for years of use. The Mariner makes an excellent step-up gift item.

**DASH 7™**

Like its full size cousins, the DASH 7 comes with 7 1/4" Hex Powerbits, anodized shank & solid handle. It's smaller size reduces cost and keeps it compact but it's still 'every bit' a durable, no nonsense tool. Dash 7 competes head to head with copycat items.

**STUBBY™**

The World's first-ever Multiple bit Stubby and still considered the best! Ideal for the kitchen drawer and superb for close-quarters work. High-strength magnet holds 'working' bit and screw securely. 1/4" hex 1.3" insert bits are ideal for powerdriving.

**Multique™**

The slim, comfortable handle is great for smaller hands & finer work. Slender, high quality general purpose bits make it great around any house or workplace and allow access into deep recesses. Multique is the perfect handle size for Women.

**Teeny Turner™**

The "Teeny" is perfect for servicing eyeglasses & today's electronic devices. Bright, fun colours are especially appealing to the younger generation. Fast becoming the most sought - after Picquic. Cookie jar & price make it a great impulse item.

**SIXPAC  
Plus™  
STUBBY™**

Dynamic Duo combination pack is a great choice for promotions. It is priced below the aggregate cost of individual products it is comprised of. The combination also make excellent gift and offer extra value and higher dollars per sale.

Product	Item #	Colours	Packaging	Ctn/MC	3" length, 1/4" Hex Powerbits
SIXPAC Plus	88103	Assorted	Blister pack	12/120

## BITPAC™

Picquic "Bitpacs" are colour coded Bit storage units. They link together with dovetails, enabling users to keep bits organized and reduce loss of bits.

Bitpacs come in sets of varying sizes and bit styles - Torx for automotive, Allen keys for machinists and bikers, Robertson and Phillips for contractors and special bits like tamper proof, pozi, clutch for specialized user groups.

Product	Ctn	Item #	Description
6 pc Multipack	6/60	95001	Standard allen key set 7/64, 1/8, 9/64, 5/32, 3/16, 7/32"
6 pc Multipack	6/60	95002	Metric allen key set 2.5, 3, 4, 5, 5.5, 6 mm
6 pc Multipack	6/60	95003	Torx set T-15, T-20, T-25, T-27, T-30, T-40
6 pc Multipack	6/60	95004	Torx security set T-08, T-10, T-15, T-20, T-25, T-27
4 pc Multipack	6/60	95005	Robertson set 0, 1, 2, 3
4 pc Multipack	6/60	95006	Phillips set 0, 1, 2, 3
4 pc Multipack	6/60	95007	Pozidriv set 0, 1, 2, 3
4 pc Multipack	6/60	95008	SAE slotted set 5/32, 3/16, 1/4, 9/32"
4 pc Multipack	6/60	95009	Metric slotted set 3, 4, 5, 6 mm
4 pc Multipack	6/60	95010	Clutch set 3/32, 5/32, 3/16, 1/4"
5 pc Powerpack	6/60	95098	Robertson 1&2. Phillips 1&2 w/4" extension adaptor

Bits store in BITPACS just like a Picquic driver - storage of a bit ejects the next bit you want.

### Individual Blister packed replacement Powerbits

Picquic 3" length POWERBITS come in bright, compact blister packs. Our part # BIT72PCCDN includes a wire rack and a 72 piece starter assortment. All common and some not-so-common bit tips and sizes are available.
