More Choice for Shield Terminations, Shielding, and Strain Relief

HexaShield Adapters

Provides 360° shield termination and wire management with fast assembly

FlexiScreen Adapters

Flexible alternative to HexaShield adapters

Raychem Spin Lock Variable Angle Adapters

Single backshell allows choice of straight, 45°, and 90° cable exits in cable clamp and sealed versions

Tinel-Lock Ring Adapters

Heat-recoverable Tinel metal ring shrinks when heated to help permanently attach the shield to the adapter body

Side Entry Tinel-Lock Ring Adapters

Split Tinel ring version that allows easy installation and removal for re-entry

Braided Adapters

To allow a standard entry to handle different cable sizes, these adapters contain a braided shield that is terminated to the cable's braid with a SolderSleeve device

Commercial Bandstrap Adapters

Stainless-steel band that is tightened to provides a low-resistance connection between shield and backshell

AS85049/128 Bandstraps

Three styles of stainless steel bands in both pre-coiled and side-entry configurations

AS85049/82 through /90 Adapters

Industry-standard straight and right-angle adapters in configuration for popular Mil-Spec connectors
