

# PROTEK™ WALL-MOUNT ENCLOSURES

RUGGED AND FLEXIBLE ENCLOSURES FOR NETWORKING APPLICATIONS

## SPACE-EFFICIENT PROTECTION FOR DISTRIBUTED NETWORKS

The need for robust and space-saving cabinets to protect, house and cool remote sensitive electronic and electrical components is essential.

PROTEK™ Wall-Mount enclosures offer a complete, high-performance solution to meet the demands of Intermediate Distribution Frame (IDF) and distributed network challenges in any environment.

The expanded PROTEK line offers the most versatile and rugged solution for IDF and other electronic applications indoors and out—including protection, thermal management and easy access to rack-mounted, 19-in. panel and other sensitive electronics.

### KEY FEATURES

- **Complete, off-the-shelf packages** with one part number to meet application needs
- **Versatile configurations** in single-door and high-accessibility double-hinged door models
- **Plated, adjustable RU marked** for 19-in. EIA rack mounting
- **Solid door or window door models** for complete protection with visual monitoring option
- **Variety of materials** to suit specific application requirements
- **Integral cooling** with low-profile fan and A/C packages

### APPLICATIONS INCLUDE:

- Distributed control
- Enterprise communications
- Intermediate distribution frames
- 19-in. rack mounted instruments
- Factory automation

DESIGN WITH CONFIDENCE™

# PROTEK™ WALL-MOUNT ENCLOSURES

## EXTREME PROTECTION FOR PUNISHING ENVIRONMENTS

PROTEK cabinets offer robust protection against water, dirt, corrosive agents and other contaminants, as well as industrial environmental challenges including high temperatures, impact and security requirements.

PROTEK cabinets are ideal for applications ranging from remote/decentralized networking and distribution, wireless access points, remote servers and data collection points, industrial controls and computers, HMI, enterprise systems, distributed controls, production monitoring systems, building automation and HVAC, security, audio-video systems, telecommunications and more. PROTEK comes in a broad range of sizes, materials and configurations, plus options to suit the most extreme applications.
